1 Million

We reached our first, biggest milestone of a 1 million user-base in August 2008. Our customers recognized the true value of the applications we developed, having their businesses in mind.

2009

We decided to rechristen AdventNet as Zoho Corporation

in May 2009. Zoho Corporation became the umbrella company of three different divisions that cater to three different markets.

Customer Growth for Zoho CRM

Core competencies

We focus on what matters. We're committed to spending your money wisely and invest more in product development and customer support than in sales and marketing.

We grow by building our own quality products with deep integrations instead of acquiring other companies.

We're committed to customers satisfaction.

Zoho offers a suite of online web applications geared towards increasing workforce productivity and offering easy collaboration across all departments of your organization. More than 30 million users rely on Zoho's applications to run their business.

To date, Zoho has launched 35+ different applications for both front office and back office operations. Using Zoho to run your entire business ensures that productivity stays high and data is easily shared across the company as needed. Unlike any other product offering on the market, Zoho has built all of their products on the same platform, which means you get to experience the benefits of deeply integrated products.

Brands That Trust Us

Benchmark

"Switching to Zoho CRM made us more efficient at a much lower cost. They offered an improved interface and usability experience compared to Salesforce. Most importantly, the transition process was entirely painless and took only about 72 hours."

DANIEL MILLER,
Marketing Director, Benchmark

"Zoho has played an important role in standardizing our program. We now have more than 15,000 sellers using our services."

ANAND GOYAL,
Director, Amazon

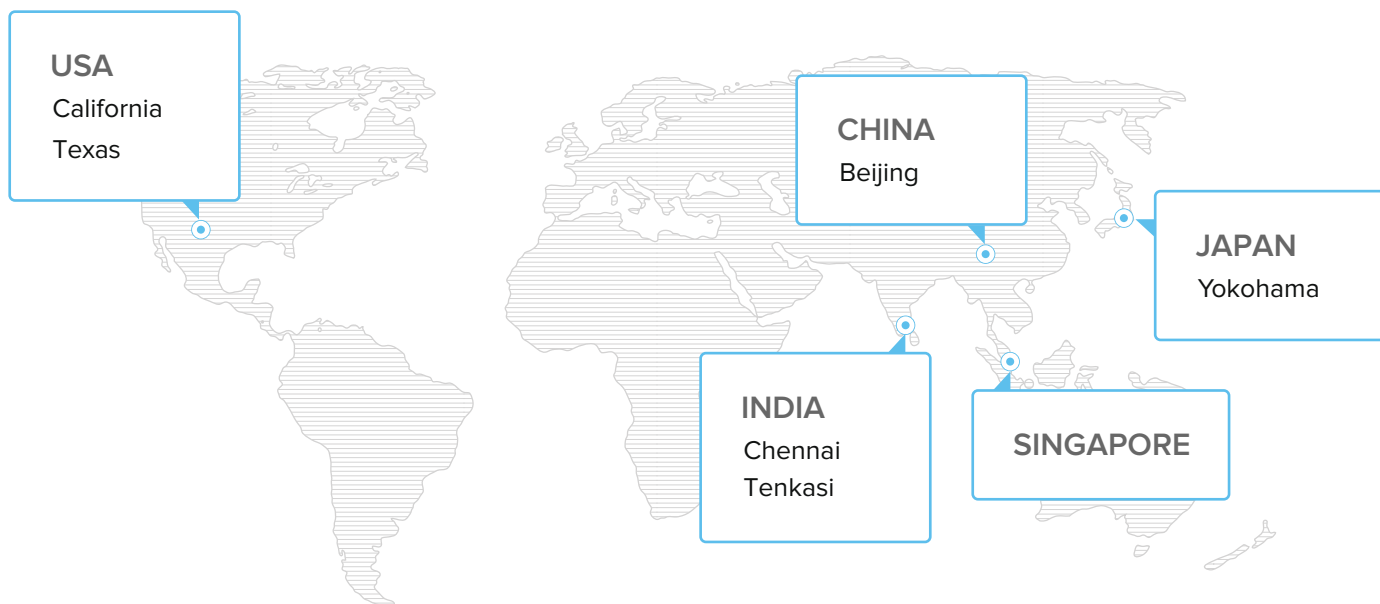

MARCOA

"Zoho helps us maximize our time in the field. We're ranking leads based on data; currently we have over 200,000 leads in the system."

FORESR SMITH,
Director Of IT, Marcoa
